

4 ROOM

Kataloog 2006

Teie käes olevas kataloogis on 4ROOMi tootevalik, osa neist toodetest on klassikalised valgustid aegadehämärusest, tänaseks läbinud mitu uuenduskuuri. Enamus tooteid on uued, need on meie võimeka tootedisaineri Tarmo Luisu poolt disainitud viimase paari aasta jooksul.

Disainer

Tarmo Luisk on Eesti üks nimekamaid tootedisainereid, kes on esindatud olnud Eesti Tootedisaini näitustel Eestis, Taanis, Soomes, Prantsusmaal, Lätis ja Saksamaal. Lisaks tootedisainimisele töötab Luisk ka õppejõuna Eesti Kunstiakadeemias; ta on ka Eesti Disainerite Liidu liige.

4ROOM

4ROOM OÜ on välja kasvanud 1959 aastal asutatud pikaajaliste traditsioonidega ettevõttest Estoplast. Hoiame neid samu traditsioone, toodame jätkuvalt valgusteid. Viimase kolme aastaga aga oleme tootevalikut laiendanud esikumööbli osas ning tahame seda valikut tulevikuski laiendada. Kaubamärgi 4ROOM võtsime kasutusele 2003-ndal aastal just sel põhjusel, et lisada valgustite tootmisele muid sisustuselemente.

Tootmishoone asub Vääna asulas, kus meie kasutuses on 3000m² tootmispinda. Ekspordi osakaal müügis on üle 70%. Peamisteks turgudeks on Skandinaavia riigid. Oleme tootnud arvestatava koguse ka eritellimusi erinevatele hotellidele, kohvikutele, restoranidele.

Meie eesmärgiks on uute ja värskete ideede elluviimine koostöös meie tootedisaineri Tarmo Luisuga. Tutvustame igal aastal uusi tooteid nii Stockholmi kui ka Kölni mööbli- ja valgustimessidel.

Usume, et leiate meie toodete seast endale sobiva!

Catalogue 2006

This catalogue contains the production of 4ROOM, some of which are classical luminaries, by now re-designed on several occasions. The majority, however, are new, designed by our talented production designer Tarmo Luisk over a few last years.

The Designer

Tarmo Luisk is one of the best known Estonian production designers who has exhibited his works at the shows of the Estonian Production Design in Estonia, Denmark, Finland, France, Latvia and Germany. In addition to practicing as a designer, Tarmo Luisk holds a professorship at the Estonian Academy of Arts; he is also a member of the Estonian Association of Designers.

4ROOM

4ROOM Ltd. has developed from Estoplast, a company with long traditions, which was established in 1959. We maintain those traditions and continue making luminaries. Over the last three years we have also included hallway furniture to our collection, and we intend to expand our production range even further. The trademark 4ROOM was launched in 2003 in order to complement the luminaries with other elements of interior design.

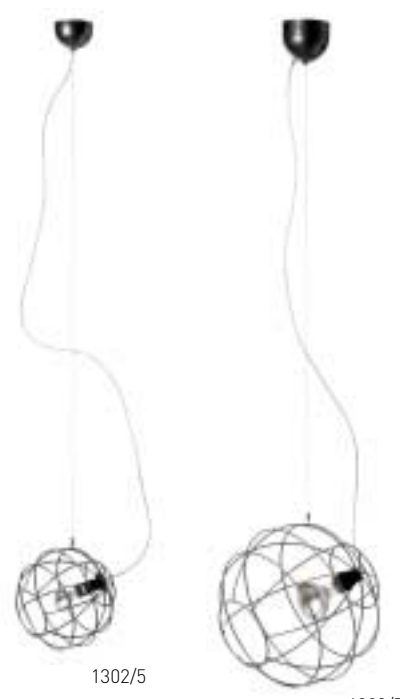

Our production facilities are located in Vääna and they include 3000 m² of production space. Export constitutes 70% of the sales figures. The major market is Scandinavia. We have also completed a significant number of custom-made artefacts for commissions from several hotels, cafés and restaurants.

Our ambition is to realise new and fresh ideas in cooperation with our production designer Tarmo Luisk. We present new design annually at furniture and lighting trade fairs in Stockholm and Cologne. We trust that you will find your product from our collection!
